

## Tire Wrap Penalty – Bulletin

4/26/2023...Meeker, OK...Effective immediately “tire wrap” of any kind will not be allowed on the premises of Red Dirt Raceway. This includes cars/competitors from both “weekly” classes and also visiting series.

- Penalty: There will be a \$50 fine per tire if any Red Dirt Raceway official sees plastic wrap on a tire.
- The \$50 fine per tire will be due immediately upon recognition of infraction by Red Dirt Raceway official.
- Potential additional penalties...If “tire wrap” continues to be found on the ground with unknown origins then Red Dirt Raceway will begin deducting purse money at \$50 per infraction from the winners share in all classes racing that night

BACKGROUND INFO: Over the past several seasons, we have noticed an exponential increase in “tire wrap” being left on the ground around the pit area with seemingly no intentions of placing it in trash receptacles. We have asked repeatedly at the drivers meeting for help in this matter but the problem continues.
